Ulvi Bashirov

Senior iOS Engineer @Birbank | Instructor | Code & Coffee & Beats
Baku, Azerbaijan

Summary

iOS Engineer focused on fintech applications. I build and maintain
secure payment systems and banking features with an emphasis on
clean code and reliable performance.

I value straightforward solutions and clear communication. My
experience includes both hands-on development and teaching
others.

I code with electronic music playing—code and beats just work well
together.

Experience

Birbank
Senior iOS Engineer
October 2024 - Present (8 months)
Baku, Azerbaijan

Beso Mobile
Leading iOS Engineer
February 2023 - Present (2 years 4 months)
Baku, Azerbaijan

• Lead end-to-end development and maintenance of the Beso app
• Built tools for inventory, income/expense tracking, and e-invoicing for small
businesses
• Responsible for all technical decisions, architecture, and infrastructure
• Implement new features and optimize for performance, scalability, and
usability
• Troubleshoot and resolve technical issues across the app
• Continuously improve app structure to meet evolving business needs
• Support long-term product strategy and technical roadmap

ABB Innovation
Senior iOS Engineer

October 2023 - April 2025 (1 year 7 months)
Baku, Azerbaijan

• Develop and maintain iOS features for ABB as part of an external development team
• Integrated Masterpass by Mastercard for secure in-app payment functionality
• Work across multiple tribes and feature teams, depending on client needs
• Contribute to large-scale fintech projects, including payments, transfers, and investment flows
• Collaborate closely with ABB Bank's in-house teams to ensure seamless integration and delivery
• Participate in architectural discussions, refactoring, and system improvements
• Handle feature development, debugging, and release planning in a dynamic, multi-team setup
• Ensure code quality, stability, and performance through regular reviews and testing

Unibank
Senior iOS Engineer
July 2023 - October 2024 (1 year 4 months)
Baku, Azerbaijan

• Worked in a specialized team responsible for a large-scale iOS banking app
• Handled full-cycle development, feature integration, and ongoing maintenance
• Collaborated with designers and backend engineers to ensure seamless UX
• Focused on improving app architecture, scalability, and performance
• Ensured code quality and app stability across releases
• Actively participated in Agile processes to meet delivery goals and timelines

ABB
2 years 11 months

Leading iOS Developer
September 2022 - July 2023 (11 months)
Baku, Azerbaijan

• Oversaw development of a complex iOS application from planning to release
• Collaborated with stakeholders to define technical strategies and requirements
• Conducted code reviews and enforced best practices across the team
• Mentored junior developers and supported their technical growth
• Diagnosed and optimized performance issues in production code

• Ensured product quality through clean architecture and stable releases

• Worked in an Agile environment using Nexus to manage cross-team coordination

iOS Developer
September 2020 - September 2022 (2 years 1 month)
Baku, Azerbaijan

• Developed and maintained a production iOS app using Swift

• Focused on improving user experience, performance, and app stability

• Collaborated with designers and backend developers on feature implementation

• Participated in Agile processes: Sprint planning, daily standups, and reviews

• Wrote clean, modular code following Object-Oriented Programming (OOP) principles

• Used Git for version control and Jira for task management and tracking

• Ensured smooth development workflows and timely feature delivery

ABB Innovation
Instructor
March 2023 - June 2023 (4 months)
Baku, Azerbaijan

• Taught mobile development using MIT App Inventor

• Created lesson plans covering app fundamentals for beginners

• Guided students through hands-on mobile app projects

• Encouraged creative thinking and problem-solving

• Helped learners build functional apps without prior coding experience

• Focused on developing both technical and design skills

• Gained experience in teaching and mentoring aspiring developers

ABB Innovation
Mobile and Web Developer
February 2020 - June 2020 (5 months)
Baki, Azerbaijan

• Worked on both web and cross-platform mobile applications

• Used React JS for web and React Native for mobile development

• Completed hands-on training and real projects during internship

• Designed user interfaces and optimized app performance

• Troubleshot functional and UI issues across platforms

• Gained practical experience with JavaScript, Swift, and HTML

• Built a strong foundation in modern mobile and web development frameworks

Education

Azerbaijan State University of Economics • UNEC
Master's degree, Artificial Intelligence · (September 2024 - July 2026)

Azerbaijan State University of Oil and Industry
Bachelor's degree, Petroleum Engineering · (2017 - 2021)

STEP IT Academy Azerbaijan
Computer Software Engineering · (2018 - 2021)

SABAH groups
Bachelor's degree, Petroleum Engineering · (2018 - 2021)
